**Re: Department of Psychiatry Internal Grant Competition 2020.**

Dear Drs Alavi and Reshetukha ,

There were many excellent applications to the Department of Psychiatry Internal Grant Competition this year and as a result several deserving proposals remain unfunded.

However, I am pleased to inform you that your application entitled "Ketamine & eCBT for PTSD" has been awarded \$17,000.

Please see the attached reviewer comments for feedback.

Please communicate the results of this competition to your co-investigators, and provide Jody Burns ([burnsj@providencecare.ca](mailto:burnsj@providencecare.ca)) with the account number into which these funds should be transferred.

Congratulations!

Sincerely,

A handwritten signature in black ink, appearing to read "D. Groll", written in a cursive style.

Dr. Dianne Groll  
Chair, Department of Psychiatry Research Committee
